Vespa®

Vespa is a way of being and a state of mind, besides being a means of transport.

It embodies the approach to a spontaneous and young life typical of Vespa, that leads you to do everything that crosses your mind but in the Vespa way: with elegance, joy, style and healthy fun. Because if you have a Vespa, you can be yourself without thinking too much, just get on and go wherever you want, when you want. Do you feel it's the right moment? Off you go!

Vespa is the coolest way to make the most of your journeys because it is the vehicle that takes you to new and fascinating experiences that always give you something more. More than you expect, more than you think you know, more than you are used to living.

Now more than ever, be Vespa in everything you do.

VESPA PRIMAVERA

50 / 125 / 150

Fifty years after its launch, Vespa Primavera still boasts that youthful appearance, in sync with the spirit of freedom, dynamism and attention to environmental issues.

Uninterrupted success and now a restyling that makes it even more agile and ultra-technological. The 12" wheel rims with five-spoke design ensure total stability and safety on all road surfaces. The i-get 4-stroke single-cylinder engine allows for smooth, noiseless riding and reduces consumption while offering top of the range performance. Front and back LED lighting, Bike Finder, and remote saddle opening as standard (with the 125 and 150) round out its equipment.

VESPA PRIMAVERA TOURING

50 / 125 / 150

Dedicated to those who love to travel and appreciate technological innovation as a way of enriching the riding experience. Vespa Primavera Touring is in keeping with the Vespa tradition for travel, incorporating all the improvements of the Primavera range. The i-get 4-stroke single-cylinder engine ensures top of the range performance and reduced consumption. The large 12" wheels guarantee stability and riding comfort on any surface, while front and rear chrome luggage racks add a retro touch to the vehicle's load capacity. The ergonomic saddle and elegant top fairing are both practical and stylish.

VESPA PRIMAVERA S

50 / 125 / 150

Zippy and sporty, the brand-new Vespa Primavera S is as dynamic as it is gutsy. It adopts the Primavera range of engines but with a marked technological twist.

For the first time in Vespa history, with the 125 and 150 engines, it comes complete with a fully digital and colour dashboard with 4.3" full colour TFT display that also serves as the screen for the VESPA MIA connectivity system. The Bluetooth connection and dedicated Vespa app - available for download in the App Store or Google Play - transform the display into an extension of the smartphone and allow the rider to answer calls, view message notifications, activate voice commands and select music playlists.
