RS125

*The winner's **spirit***

Hop on and go! The Aprilia RS 125 is adrenalin for the ride. Rightful heir to the racing world's legendary RS family and a masterpiece of style and technology. Made in Italy, the RS 125 has the sportiness of a vehicle born for the race track. A top-level bike in every sense: the aluminium chassis, radial-mount front caliper and 140 mm tread, which offers excellent grip and makes it extremely responsive, are based on Aprilia's racing experience. The rest is sportiness and style: an aggressive front look inspired by her sisters, an engine with brilliant performance levels, a digital instrument cluster and full LED lights.

TUONO 125

***It's not a naked,
it's a Tuono***

Tuono 125 offers all the passion and adrenalin of the Tuono family, a world of iconic style and pure driving pleasure thanks to top-level performance and wide handlebars that dominate the road. Light, agile and dynamic, Tuono 125 shares the winning platform of RS, an Aprilia tradition: USD fork, two-channel Bosch ABS and aerodynamic front guard bound to the chassis. Designed and manufactured in Italy, Tuono 125 shines thanks to the feisty front and hi-tech equipment: full LED lights with a distinctive three-part headlamp, LCD digital instrument cluster with fuel level and large seat compartment.
